Hope (see above for contact info) will be the social chairperson and will be coordinating social events. She will be asking the members for help with parties, and taking suggestions for social events.

Jacqueline Singer is no longer managing the private event calendar. Please do **NOT** call her. The person to call is now **Reann Dukes** (see above for contact info). Reann also addresses insurance requirements and other questions relating to private events. Remember that the club is never closed to club members, but many club members will avoid the club when someone is having a private event. For this reason, we schedule at most: (i) one private event is per weekend, and/or (ii) two private events per month, during the summer season, when the pool is open.

Since the first of the year, there have been several improvements to the club facilities. A heater was installed in the main building to encourage winter use. The riding arena repair has been completed, thanks to the members of the Trail Blazers. Also, pool safety has been improved. A drain vacuum interruption device has been installed in compliance with state and county code. That, along with a special drain cover, prevents anyone from being trapped against the drain. Coming soon, a gravity drain will be installed along the South side of the clubhouse. This will prevent the flooding of the equipment room during a heavy rain with a power failure.

The pool opening party is planned for Saturday, June 5th at 1:00 PM. The actual opening of the pool may be on a different day depending on the weather. The Wednesday night BBQ's will resume on May 5th at 6:00 PM.

Have a great summer,
Rich Cooper - for the Board of Directors
